WTC NM & BIA Business Delegation to Japan (October 2026)

World Trade Center (WTC) Navi Mumbai, in association with the Bombay Industries Association (BIA), is proposing to organize a Business Delegation to Japan (Osaka and Tokyo) from 5–10 October 2026. The Delegation program will include visits to WTCs at Tokyo and Osaka and Tokyo Chamber of Commerce where participants will have the opportunity to engage in B2B meetings and explore potential business collaborations with Japanese companies.

A key highlight of the visit will be participation in Manufacturing World Osaka 2026, one of Japan's premier industrial trade exhibitions, scheduled from 7–9 October 2026 at INTEX Osaka. Organized by RX Japan Ltd., the exhibition is expected to attract leading manufacturers, automation companies, technology providers, industrial buyers, and industry experts from around the world, offering an excellent platform for networking, technology sourcing, and business development.

Manufacturing World Osaka is recognized as a premier platform showcasing the latest advancements in factory automation, robotics, artificial intelligence, smart factory solutions, additive manufacturing, precision engineering, industrial IoT, digital transformation technologies, and advanced industrial machinery. The exhibition brings together exhibitors and visitors from Asia, Europe, and North America, creating opportunities for technology exchange and international business development.

The tentative participation cost is estimated at INR 4,00,000–4,20,000 per delegate, subject to revision based on the date of confirmation due to dynamic airfare and hotel rates. The package includes return airfare (Mumbai–Japan–Mumbai), five nights' accommodation, internal travel within Japan (including Shinkansen and local transfers), meals, local transportation, and airport transfers. The cost excludes visa fees, personal expenses, and alcoholic beverages.

Mr. Sachin Jadhav of Risun Global and an Expert on Japan is the Coordinator for this Delegation. Interested individuals can contact WTC Navi Mumbai on or before June 30, 2026.

India ITME 2026 – India's Largest Textile Machinery Exhibition

India ITME Society, the apex body behind India's largest textile engineering exhibition, has announced the 12th edition of India ITME 2026, inviting companies from across the world to participate in one of the textile industry's most significant global events.

Scheduled from 4–9 December 2026 at the India Exposition Mart Limited (IEMML), Greater Noida, the exhibition is expected to host over 1,800 exhibitors across 20 chapters and attract more than 150,000 visitors during the six-day event.

Organized by the India International Textile Machinery Exhibitions Society, which has been promoting the textile engineering sector since 1980, the event aims to strengthen India's position as a leading destination for textile machinery, technology, and engineering while fostering global business connections.

India ITME 2026 will provide exhibitors with an opportunity to engage with serious buyers, decision-makers, and industry professionals from India and more than 80 countries. Participants will be able to showcase their latest machinery, technologies, and solutions while exploring opportunities in India's rapidly growing textile and apparel sector.

The exhibition will also serve as a platform for business networking, strategic partnerships, B2B meetings, and market expansion. Through extensive event promotion and international participation, companies can enhance their visibility, generate quality business leads, and strengthen their presence in both domestic and global markets.

With its scale, international reach, and industry focus, India ITME 2026 is expected to be a key destination for businesses looking to capitalize on emerging opportunities in the global textile and engineering ecosystem.

WTC Savannah Brings Forward Global Sourcing Opportunity for Aquaculture Feed Suppliers

World Trade Center (WTC) Savannah has brought forward an international sourcing opportunity for manufacturers and suppliers of aquaculture feed, connecting them with Georgia-based Edge's Aquatic Services LLC, a company operating in the fish hatchery and aquatic services sector.

Edge's Aquatic Services is seeking qualified international suppliers capable of manufacturing and supplying high-quality floating fish feed pellets for aquaculture applications. The company requires pellets with a 3mm girth and mixed lengths of 4mm, 8mm, and 10–11mm, designed to float and meet stringent nutritional specifications. The feed must contain a minimum of 40% protein, approximately 10% lipid content, and preferably utilize high animal-protein formulations while excluding chicken feather meal. Any plant-based protein ingredients must have broken cell walls to ensure optimal digestibility.

The opportunity is open to manufacturers that can meet packaging and logistics requirements, including shipment of feed in 40-pound (18.14 kg) plastic bags and palletized container loading. Floor-loaded shipments cannot be accepted, and existing U.S. customs brokerage support may assist with shipping arrangements depending on the country of origin.

By facilitating this sourcing request, WTC Savannah is helping create new international business opportunities for feed manufacturers, aquaculture suppliers, and exporters seeking to enter or expand within the U.S. market. The initiative also highlights the role of World Trade Centers in connecting businesses across borders and supporting global trade development.

Companies capable of meeting the technical specifications are encouraged to explore this opportunity and connect with WTC Savannah for further information and potential introductions to the buyer.

For further details regarding this opportunity, interested suppliers and manufacturers can contact:

Chris Ahearn

UNIDO–WTCA Blue Economy Global Call 2026 Invites Global Innovators

The UNIDO–WTCA Blue Economy Global Call 2026 has opened applications for startups, companies, research institutions, NGOs, and innovators worldwide working on sustainable solutions for the blue economy. The initiative is jointly organized by the United Nations Industrial Development Organization (UNIDO) and the World Trade Centers Association (WTCA), with support from UNIDO ITPO Italy.

The Global Call aims to identify and promote innovative, scalable, and impactful solutions that contribute to the sustainable development of oceans, seas, rivers, and coastal economies.

Key focus areas include Blue Renewable Energy, Sustainable Blue Food, Green Maritime Transport & Smart Ports, Coastal & Marine Tourism, Sea and River Restoration, and Blue Tech & Biotechnology.

Selected winners will gain access to acceleration support, international visibility, mentoring opportunities, business matchmaking, investment exposure, and potential pilot opportunities through the global networks of UNIDO and WTCA. The winning solutions will be showcased at the Euro-Mediterranean Water Forum in Rome, Italy, where innovators will have the opportunity to engage with international stakeholders and industry leaders.

In addition, shortlisted innovators will receive exposure to investors, venture capital funds, development institutions, and financial organizations through investment-focused demo days and portfolio presentations. Winning teams will also be eligible for reimbursement of up to USD 3,000 for travel and accommodation expenses related to participation in the Rome event.

The submission deadline for applications is 19 June 2026, making it a significant opportunity for organizations seeking to scale sustainable blue economy innovations on a global platform.

Bharatiya Vyapar Mahotsav 2026

Bharatiya Vyapar Mahotsav held from August 12 to 15, 2026 at Bharat Mandapam, Pragati Maidan, New Delhi is inspired by Hon'ble Prime Minister Shri Narendra Modi Ji's Swadeshi vision, dedicated to strengthening India's trade pride, advancing the resolve of "Vocal for Local – Local to Global," and building an Atmanirbhar Bharat.

The Mahotsav is expected to attract participation from key sectors such as MSMEs, startups, manufacturing, textiles, handicrafts, agriculture and food processing, pharmaceuticals, automobiles, electronics, information technology, e-commerce, logistics, banking and financial services, renewable energy, tourism, gems and jewellery, education, and export-oriented enterprises. The event will also bring together investors, financial institutions, digital platforms, and industry bodies, creating opportunities for networking, collaboration, and business growth.

Positioned as a major platform for promoting Indian enterprise and trade leadership, Bharatiya Vyapar Mahotsav seeks to strengthen domestic businesses while enhancing their visibility in national and international markets. It offers businesses a valuable platform to connect with traders, manufacturers, startups, investors, and policymakers from across the country. Participants can showcase their products and services, explore new markets, generate business leads, attract investment, gain industry insights, and strengthen their export potential. As preparations gather pace, stakeholders across states and cities are being encouraged to contribute actively toward making the Mahotsav a landmark event for India's trade and business ecosystem.

By bringing together businesses, institutions, policymakers, and entrepreneurs under one roof, the Mahotsav aims to celebrate India's commercial strength and reinforce the country's journey towards self-reliance and global competitiveness.

ICAI ScaleUp India Summit 2026

The Institute of Chartered Accountants of India (ICAI) is set to host the ScaleUp India Summit 2026, bringing together startups, MSMEs, investors, industry leaders, and policymakers to explore opportunities for growth, innovation, funding, and business expansion.

The poster for the ICAI ScaleUp India Summit 2026 features a blue and orange color scheme with a city skyline background. At the top, it displays the ICAI logo and the text 'The Institute of Chartered Accountants of India (Set up by an Act of Parliament)'. Logos for the Government of India, CAIT, and the Western India Regional Council are also present. The event is organized by the MSME & Startup Committee, ICAI, and hosted by the Western India Regional Council, ICAI. The main title 'ScaleUp INDIA SUMMIT 2026' is prominently displayed, with 'ScaleUp' in large blue letters and 'INDIA SUMMIT 2026' in orange. Below this, it says 'for STARTUPS & MSMEs'. A badge indicates '12 CPE HOURS'. The event details include the date '26th - 27th JUNE 2026', time '10:00 AM ONWARDS', and venue 'Jio Convention Center BKC, MUMBAI'. A 'REGISTER NOW! EARLY BIRD DISCOUNT' badge is also visible. The fees structure is detailed: ₹ 3,000 + GST for members, ₹ 4,000 + GST for non-members, and ₹ 2,000 + GST for members and non-members. The leadership team includes CA Prasanna Kumar D., CA Mangesh P. Kinare, CA Gyan Chandra Mishra, CA Sanjay Kumar Agarwal, and CA Sourabh Agnani. The overview of the program is divided into two days: Day 1 - STARTUPS and Day 2 - MSMEs. The MSME website and phone number are provided at the bottom, along with a QR code for registration.
